Fire Protection Certificate

This is an official "Fire Protection Certificate" which verifies the carious life safety system(s) (fire sprinklers, fire pump, and/or fire alarm monitored via Central Station) are to be serviced, inspected, and monitored by Summit Fire and Security per NFPA and local AHJ code standards and requirements.

Customer:
Jeff Langer
7317 and 7327 Estero Blvd.
Fort Myers Beach, FL 33931

Services/Inspected By:
Summit Fire & Security
12320 Crystal Commerce Loop
Fort Myers, FL 33966

The equipment installed at the aforementioned address provides the following:

- X Fire Alarm Detection
X Automatic Wet Standpipe or Sprinkler
X Fire Pump
X Communicator Advisory Reporting via Central Station

Fire sprinklers throughout the entire building per NFPA 13; Fire Alarm per NFPA 72
Exception of closets under 24 sq. ft. and bathrooms under 55 sq. ft.

We certify that these system(s) are present as of 09/29/2021. Please allow the owner of this specified property any insurance credits or discounts that may be due because of these life safety protection system(s)

Respectfully,

Amanda Culver
Summit Fire & Security
